

## Pension & LTD Benefits

Members of our local belong to the Regina Civic Pension and Benefits Plan. The Pension and Benefits Committee, made up of members representing 19 different employee groups, meets monthly to discuss issues arising from our plan.

As a person nears retirement there are different options that need to be looked at so that the proper decisions can be made that suit their personal situation. If you have questions or would like an expert to help you work through your personal options, please contact the Pension and Benefits Division at 306-559-8200. You can talk to them months before your retirement date, and they will be pleased to provide you with a detailed statement outlining all of your retirement options.

The members representing CUPE 3766 on the Pension and Benefits Committee are:
